

**Barnstone Advisors, LLC
June 17, 2020**

FORM CRS

Barnstone Advisors, LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

Barnstone offers the following investment advisory services to retail investors: Portfolio Management, Financial Planning and Consulting. Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Brochure Items 4, 7, 13 and 16 by following this link <https://adviserinfo.sec.gov/firm/summary/144511>

Account Monitoring If you open an investment account with our firm, as part of our standard service we will monitor your investments on a regular basis.

Investment Authority We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

Investment Offerings We offer advice on various types of investments and products, including equity securities, municipal securities, mutual funds, United States government securities, REITs, ETFs, interests in partnerships investing in real estate, and interests in publicly traded partnerships investing in oil and gas interests.

Account Minimums and Requirements In general, we require a minimum account size of \$250,000 to open and maintain an advisory account, which may be waived at our discretion.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A Brochure, Items 5 and 6 by following this link <https://adviserinfo.sec.gov/firm/summary/144511>.

- **Asset Based Fees** - For Portfolio Management services, payable quarterly in arrears.
- **Hourly Fees** - For Financial Planning and Consulting services.

Since some of the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict.

Examples of additional fees and costs that may be applicable to our clients are:

- Custodian fees;
- Fees related to mutual funds and exchange-traded funds;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- We do not make any money from our investment advisory services except as described above.

Refer to our Form ADV Part 2A Brochure by following this link <https://adviserinfo.sec.gov/firm/summary/144511> to help you understand what other conflicts may exist.

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

How do your financial professionals make money?

Our financial professionals servicing your account(s) are compensated with a salary and bonus. Compensation is based on the financial professionals' individual performance and overall contributions to our firm.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple research tool to learn more about our firm and financial professionals.

Key Questions to Ask Your Financial Professional

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**

You can find additional information about your investment advisory services and request a copy of the relationship summary by calling 610-917-2210 or by following this link <https://adviserinfo.sec.gov/firm/summary/144511>.

Key Questions to Ask Your Financial Professional

- **Who is my primary contact person?**
- **Is he or she a representative of an investment adviser or a broker-dealer?**
- **Who can I talk to if I have concerns about how this person is treating me?**
